

DIY Ornaments

Step 1. Print ornaments in full color on thick cardstock or heavy weight paper.

Step 2. Cut along border. Poke holes where indicated.

Step 3. Weave a single rubber band through the holes in the middle of the ornament so two loops are showing on the front. These will secure the Vaseline Lip Therapy* in place. Loop another rubber band or tie a piece of string through the top hole for hanging your ornament.

Step 4. Slide the Vaseline Lip Therapy stick through the rubber band loops.

Step 5. Enjoy for yourself, give away as a gift, or use as a gift tag for someone who could use some holiday cheer!

**Find Vaseline Lip Therapy at your local Target, Walmart, or Dollar Tree.*
